AARP 2020 Community Challenge

Press Announcement

The Washington County Commission on Aging, Inc. (“WCCOA”) is proud to announce that it received \$25,000 from the AARP 2020 Community Challenge. Grant funds will be used to purchase equipment necessary for the WCCOA to provide remote services to seniors in our community.

“We are grateful to be a recipient of the AARP 2020 Community Challenge grant, which could not have come at a more pivotal moment,” said Amy Olack, Chief Executive Officer of the WCCOA. “This grant was originally intended for our organization to provide mobile services for seniors in remote areas of our County. However, due to COVID-19 we are able to utilize this grant to serve seniors with obtaining essential services and resources for their health and well-being in a safe and effective way.”

The AARP 2020 Community Challenge distributed more than \$2.4 million to 184 projects across the country. Projects included activities aimed at helping make communities more livable for people of all ages, in addition to coronavirus response and recovery projects designed to support immediate local needs.
